## Encountering a Karen

Audio Drama Script Writer - RoseJigglypuff76

### Plotline

While in the hotel lobby, waiting for Burt to come back, Sven was soon approached by a woman who was acting weird.

That woman happens to be a sort of Karen, and proceeds to ask Sven why he was talking so loud.

In reality, he wasn't even speaking in a loud manner, and started to walk away from the Karen.

However, that woman pushes the crime scene photographer over to a corner, where she gets closer to his face, despite the rule of giving others personal space.

Sometime in the afternoon, **Burt** and **Sven** were heading into the hotel for some alone time together.

Since it's a free week, the two of them decided to hangout in the hotel for that given week.

**Sven**: (asks **Burt** in a kind manner) We got everything planned out right Burt?

**Burt**: (looks at the list on his phone, in a calm and collected manner) Hmm...Let's see...

**Burt** proceeds to look at his phone, where it showcases a list of stuff that both he and Sven will do during the week in the hotel.

**Burt**: (calmly reads the list out loud) Relax in Clefairy Spa, play together in Marill Swimming Pool, watch some anime in our hotel room in the Togekiss Hotel Wing, and enjoy the continental breakfast in the Jigglypuff Lounge.

**Sven:** (smiles and acknowledges the list they made together) Sure looks like an amazing list Burt! I'm happy that you invited me over for your week-off.

**Burt:** (smiles kindly in return) It's the least I can do **Sven**. Your parents did very much as crime scene photographers, so I might as well give their lovable son a good time to relax.

**Burt:** (excuses himself in a polite manner) I'll go check us into our hotel room **Sven**. I hope you don't mind.

**Sven:** (shook his head politely) Of course I don't mind **Burt**. I'm just happy to be with you for the week. Just make sure you take your time while registering our room.

**Burt:** (nods) Okay then **Sven**. I promise I won't be that long.

**Burt** proceeds to go towards the hotel register, with **Sven** still waiting in the lobby.

**Sven** himself doesn't seem to notice the random **woman** heading towards him.

The next cutscene fades in, showing **Sven** sitting on the couch in the lobby, relaxing.

**Sven:** (relaxes his body quietly and gently) Looks like such a beautiful day outside. With all the flowers blooming and the sun shining. I'm just happy that **Burt** can bring me over on this wonderful da-

That particular moment slightly changed the atmosphere for **Sven**, with him looking more uneasy, as a shadow of a woman was looming over him.

**Karen:** (angrily speaks) Oi! **You!**

**Sven:** (feels a bit uneasy) Um...Can I help you **Miss??**

**Karen:** (snaps back with an annoyed tone, also in a loud manner) Don't joke around with me young man! I heard you being loud with your little friend earlier!

**Sven:** (feels very uneasy and confused) **Miss**, I wasn't talking loud at all. And also, why does that matter to you if I did speak loud?

**Karen:** (talks back annoyingly and angrily) Excuse me **blondie**, do you think you have the power to talk over me? As a law-abiding citizen, it's VERY rude to be talking to me in that sort of manner.

**Sven:** (currently thinking to himself, feeling very worried for **Burt** as well) Does this **woman** know what she's talking about? Even if she is a law-abiding citizen, she doesn't have the right to approach anyone like this...

**Karen:** (snaps back again) Oi! **Blondie**!

**Sven** tries to leave from his seat, in an attempt to avoid the situation.

**Sven:** (nervously tries to walk away from the situation) S-Sorry **Miss**, but I really have to get goin-

**Karen:** (yells at **Sven** in an angry and annoying manner) I ain't done with you yet! Degenerate male! You little boys need to be taught a lesson!

**Sven:** (starts to panic in fear) W-Wait! I think you're taking this a bit too far, please leave me be!

**Karen:** (annoyingly and angrily speaks) Not until I tell you that talking back in a LOUD and RUDE manner opposes my right as a law-abiding citizen!

*BG Music; Roses (Instrumental) [FINISHES via Fade Out]*

Suddenly, **Burt** comes back, with the manager of the hotel, with the **Manager**.

**Burt**: (shows up to protect Sven in a calm manner) Yeah, this is the **woman** that has been harassing my boyfriend.

**Amelia**: (nods and understands the situation) Looks like it, **Burt**. This **woman** has been causing loads of uneasy and feared feelings for the customers here for quite some time.

**Karen**: (lets **Sven** go, before trying to play it off in a kinda sarcastic manner) **Ma'am**, you got privilege on these two boys here? They've been harassing me on the spot as a law-abiding citizen.

**Amelia**: (tries to ease the situation) Why does that matter to you **Madam**?

**Karen**: (starts to get more annoyed and annoying, again) Because it goes against my role as a law-abiding citizen, and my role as a **woman**.

**Amelia**: (rolls her eyes, and sighs in a calm but still polite manner) You are not acting like either of the **Madam**. These two 'kids' are more respectful than you. So if you're going to harass both them, as well as the rest of the customers in this hotel, then I suggest you leave.

**Karen**: (is in shock, and annoyed) Seriously?! You gotta let these two stupid degenerate little boys get away with their dumbass crimes?!

**Burt**: (chuckles in a joking tone, but speaks the truth) Well we called the cops on you once we saw what you were doing.

*BG Music; Play with Me [FINISHES via Cut-Off]*

**Karen**: (has lost it) Oh...

The **Karen** proceeds to flee from the scene.

Leaving a smirking **Burt** and **Manager**, and a relieved but confused **Sven**.

**Sven**: (is very confused) Why would that **woman** do that in the first place?

**Amelia**: (sighs in a sad but polite manner) Trust me young **Svensson**, there are loads of people like her in this area. So I suggest you watch out for them.

**Sven**: (is still very confused) Um...

**Burt**: (shows a kind and gentle smile for **Sven**) The **Manager** is right. She told me that she encountered loads of women like that "**Karen**", so we should watch out for them as well.

**Sven**: (sighs, and nods with a gentle smile) Fair enough. Thanks for helping me **Burt**.

**Burt**: (chuckles kindly) No problem **Sven**.

**Burt** and **Sven** proceeded to head to another section of the hotel lobby together, not knowing that the **Karen** was watching from a safe distance, bitterly glaring at the two.

### **Scenery: Fairy Pokey Pokes Hotel - Hotel Lobby Reception**

Back with **Amelia**, she was looking at the identity of the **Karen** that was harassing **Sven** moments ago, since she did call the cops on that **woman** after all.

Just as she was calmly doing that, an **aspiring young actor** and a **junior receptionist** approached her with curiosity.

**Saki**: (approaches **Amelia** out of curiosity) Excuse me, **Ms Esteban**? What are you looking at?

**Amelia**: (politely turns around and answers) Oh, hey Saki! Just checking on certain customers that will be staying in your mother's hotel for the following nights.

**Saki**: (smiles happily) Looking forward to interacting with all of them when I get the chance!

The **junior receptionist**, who is named **Bryan**, proceeds to look at an image of the **Karen**. He then proceeds to raise an eyebrow.

**Bryan**: (raises an eyebrow) Um... Saki?

**Saki**: (turns around to face **Bryan**, curious) Yeah **Bryan**? Is everything alright?

**Bryan**: (points at the image on **Amelia's** screen) Isn't that the same **woman** that was questioned by the police for threatening to harm your mother about a month ago?

*Sound Effect: Comical Pop Sound (Anime Sound)*

*Sound Effect Link: <https://www.youtube.com/watch?v=RHRyKBsqkg8>*

**Saki** raised an eyebrow as well, and proceeded to look at the image on the screen as well. She clenched her fists in annoyance as she remembered that **Karen**.

*BG Music: Poem Panic! [STARTS]*

*BG Music Link: <https://youtu.be/7fDIEpvE-cs>*

**Saki**: (visibly annoyed) Yeah! Remembered it as bright as day... That crazy **woman** mentioned that she'll be looking forward to hurting my mother if she doesn't accept her two-day-free-stay coupon!

**Bryan**: (looks pretty concerned) I can tell that she's crazy, since she knows that the coupon expired a day before approaching you. Yet she got angry at you for stating the facts.

**Saki**: (rolls her eyes) So true. I've also heard a good sense of gossip revolving around that exact same **Karen** as well. The type that revolves around something similar that happened not too long ago.

**Amelia**: (feels very concerned) What stuff did you hear revolving around that **woman**, **Saki**?

**Saki**: (shrugs with an unsure look) Not exactly sure. The only one I remember is that the **Karen** threatened to kidnap **Sven** or something like th-

Amelia proceeds to cut Saki's sentence, suddenly looking at her in a shocked manner.

Amelia: (shocked and more concerned) That crazy woman said that?!

Saki realized what she just said, and looked around with such a worried look.

Bryan caught up to that as well, being equally as worried about what Saki heard about.

Bryan: (looks at the image with fear) I think we may have a problem...

About a few hours had passed since that whole Karen incident that Sven dealt with. Currently it was around 10pm at night, with Sven watching random anime on the television with Burt by his side in their hotel room.

Sven suddenly got a small idea in mind, as he proceeded to get up from the bed and get his camera.

Sven: (happily smiles at Burt) Hey Burt! Do you remember that library beside the hotel's swimming pool?

Burt: (calmly smiles at Sven) Yeah I do Sven! Looks like a very pretty place to hangout in. I think it's called the Kirlia Library.

Sven: (nods) I had that particular library in mind. And I was thinking about taking a couple of photos there. (pause) If that's alright with you that is. (chuckles nervously)

Burt proceeds to hug Sven with all the love, almost like a sense of Good Luck.

Burt: (chuckles in a calm and happy manner) Don't worry about it. There's no need to worry. I can wait for ya to finish your little photography venture.

**Sven:** (shows a kindhearted and shy look) Thanks so much Burt! I'll make sure to come back within about 30 minutes from now.

**Burt:** (blushes calmly) Love you too Sven! Looking forward to that as well!

Sven politely left the hotel room, leaving Burt all by himself in the meantime.

Burt himself was about to resume watching some anime on the television, until he got a sudden call on his phone.

*Sound Effect: Undertale Phone Call*

*Sound Effect Link: <https://www.youtube.com/watch?v=N7pkd4xoCnw>*

That particular call is coming from Amelia.

**Burt:** (calmly answers the phone) Hey Ms Esteban. What's going on?

**Amelia:** (sounds pretty concerned) Oh good, you're still awake! Um, is Sven with you right now?

**Burt:** (answers honestly) Not right now. He just left our hotel room to take some photos of the Kirlia Library. (briefly pauses) Why did you ask Ms Esteban?

*BG Music: Higurashi OST - Melancholy (STARTS via Fade-In)*

*BG Music Link: <https://www.youtube.com/watch?v=sz-2t3ALppE>*

There was a brief moment of silence between the two. That is until Amelia decided to break the aforementioned silence.

**Amelia:** (becomes a lot more concerned) You remember that weird woman that was harassing Sven earlier in the afternoon?

**Burt:** (becomes equally as concerned) Yeah?

**Amelia** proceeds to put the phone on "Speaker Mode", allowing a police officer to join in the small discussion.

**Rupert:** (joins in the call, with a stoic tone) Well that weird Karen is still in this very building. And I've heard that she's planning to do such weird things if she catches your boyfriend...

**Burt:** (eyes widened in fear) Wait, what?!

*Sound Effect: Camera Clicking*

*Sound Effect Link:* <https://www.youtube.com/watch?v=F6eKWTHXmIY>

**Sven** smiles cutely and happily at this sense of enjoyment of taking a different type of photos.

**Sven:** (chuckles in a cute manner, before talking to himself) It's been a while since I took scenic photos! Usually it's photographic evidence that I would send to the police, so this is a nice change of pace.

He continues to happily take scenic photos within the library, heading deeper inside the particular area as he did just that.

*Sound Effect: Camera Clicking*

*Sound Effect Link: <https://www.youtube.com/watch?v=F6eKWTHXMIY>*

**Sven** can be heard humming soothingly as he proceeds to take more photos of the area.

A small mumbling noise is slowly being heard, causing him to notice with concern.

**Sven**: (shudders a bit, filled with worry) Wh-What was that?

The **crime scene photographer** quietly tip-toed closer to the small mumbling noise, wondering whether or not to fully approach it or not.

Worry soon became fearful when he heard a couple of voices nearby, these voices sound familiar and not in a good way.

**Carol**: (asks **Kitsune** in a stoic manner) Managed to get your target?

**Kitsune**: (smirks in a pretty evil and/or sadistic manner) Of course! He's just as easy as all the others~

**Carol**: (rolls her eyes coldly) Whatever you say **Lady Kitsune**, he was getting on my nerves anyways.

**Sven** shakingly pulled out his camera and took a photo of what's currently going on between **Carol** and **Syndicate Leader Kitsune**.

**Sven**: (nervously thinks to himself) Oh god... What is that Syndicate Leader doing here?? (shudders in his mind) N-No matter! I got photographic evidence to use against her, and that librarian!

He slowly peeked out of his hiding spot, still hearing **Carol** and **Kitsune's** conversation (could revolve around **Kitsune's** relationship with Syndicate Leaders **Malphas** and **Harbinger**, or just crime in general)

**Sven:** (shook his head, before slowly backing away with the photographic evidence, also thinking to himself) Okay... All I have to do is head back to that hotel room and call the police.

Just as he slowly backed off, **Sven** accidentally bumped into **someone**.

**Sven:** (cutely yelps in shock and fear) Eep!! Oh my... Miss, what are you doing??

The **Karen** angrily closes in on the very concerned **Sven**, backing him back to where **Carol** and **Kitsune** are still having their conversation.

Using his instincts, **Sven** quickly bolted his way past the **Karen**, clinging onto his camera with a sense of nervousness and fear in his eyes.

**Karen:** (keeps Sven pinned down on the floor) Quit squirming blondie! You've gotten on my nerves for long enough!

**Sven:** (worriedly shouts in fear) **Miss**, I only know you for about 2 minutes back in the lobby!

**Karen** silently stared at **Sven**, who looked at her with a very fearful look on his face.

She then proceeds to slowly smirk evilly at him.

*BG Music: Umineko - Shukugan no Fukashigi (STARTS)*

*BG Music Link: <https://youtu.be/YDWDH2ARCVw>*

**Karen:** (chuckles evilly) You may act all innocent now. But deep down I know that you still have such memories of your first encounters with them~

**Sven's** eyes widened in fear. It may not sound like much on the surface, but knowing what happened in that one timeline, the **young crime scene photographer** does know what this **woman** is talking about.

**Sven:** (shudders a lot, trying to lie) **M-Miss!** I d-don't even know what y-y-you're talking a-about!

**Karen:** (speaks mockingly) Still being very defensive as always blondie. Or should I say, "**Sven Svensson**"?

**Sven:** (tries to struggle out of **Karen's** grip) H-How do you know about my-?

**Karen:** (pins **Sven** harder to the floor) You little snitchy **photographer**. Always bringing justice to the city with your incriminating evidence. I bet my fellow partner would like to see your face again. Especially her pal **Harbinger**~

**Sven** began to freak out when he heard that familiar **Syndicate Leader's** name. The same one that... No... He can't really say...

**Sven:** (fearfully panics) That **guy** who tried to hurt my parents like in that previous time- (cuts off his own sentence)

He bit his own tongue, realizing what he just said to the **Karen**.

**Karen** herself caught onto that, grinning much more evilly.

**Karen:** (grins evilly) I know what **you** were about to say. Guess we're not the only ones to remember that "dream" after all!

**Sven:** (whimpers, completely afraid) Th-This can't be real...! It j-just can't!!

**Karen:** (answers sarcastically) Oh, but it is. It's all real, just like that one "bad dream".

Suddenly several footsteps were closing in, and several familiar voices could be heard. This time in a more thankful way, for **Sven**.

A familiar someone proceeds to kick down the door, ready to perform an arrest on the **Karen**.

*Sound Effect Link: <https://www.youtube.com/watch?v=ssDOdsDXzZI>*

**Karen** groaned a bit out of anger and frustration. **Amelia** and **Burt** proceed to quickly approach **Rupert's** side, all ready to aid **him**.

She quietly stood up, letting go of **Sven**. Before snapping her fingers and disappearing from the sudden smoke bomb.

**Amelia**: (stares at that sudden moment, confused) What just happened?

**Rupert**: (is equally confused) Not sure. (shook his head in a serious manner) No matter, **Johnny** and I will make sure to track that weird lady down!

**Burt** proceeds to gently help **Sven** up from the floor, staring at him with concern.

**Burt**: (looks with concern) **Sven**, are you alright my **baby shark**?

**Sven**: (wasn't sure what to say, as he was shaking a lot in fear)

**Amelia**: (calmly approaches **Burt** and **Sven**) Sorry that you two have to deal with that **crazed girl** during your one-week stay.

**Burt**: (calmly sighs) It's alright **Ms Esteban**. What matters is that the three of us came just in time before she could hurt my **boyfriend**. (smiles in a joking manner) And that whole ordeal can also work for my latest News Report later in the morning. Heh heh!

**Amelia**: (nods with a kindhearted and small smile) That's true. But for now, I suggest heading back up to that hotel room in the meantime. **Sven** most likely needs to rest.

**Burt**: (accepts calmly) Of course. Might also talk about that weird ordeal he had with his fathers when I get the chance.

Even later in the night in Room 1421, **Burt** can be seen peacefully sleeping while **Sven** is quietly but wide awake with a concerned look.

**Sven** can be seen talking to a **spiritual being** that only he can see. Which is his guardian angel, named **Eliseo**.

**Eliseo**: (looks at **Sven** with concern) Are you okay **Sven**?

**Sven**: (nervously shook his head) Not really...

**Sven** silently gazed outside of the window, watching the liveliness of the city in order to feel a little better.

**Sven**: (is very worried) That **Karen**... What she said to me was very frightening.

**Eliseo**: (nods, showing a look of minor sorrow) I'm equally as confused as you are frightened. She said the name of one of the three **Syndicate Leaders** that tormented you.

**Sven**: (whimpers silently) They said things that I feel like only the two of us should know about. Something revolving around that old timeline, and that you guided me to this new timeline to return the hope that was once lost. (begins to cry softly) I'm afraid that they might know about this, and might make an even worse sense of despair...

Despite being a guardian angel, a spiritual being, **Eliseo** proceeded to gently hug **Sven** in a comforting manner.

Only **Sven** can feel **Eliseo's** touch, to which he accepted the comfort.

**Eliseo**: (calmly suggests) Let's not think too much about these things now. Best if we move on from this, and continue on with a great life.

**Sven**: (smiles softly) Y-Yeah! You're right **Eliseo**! Thanks for the advice.

**Eliseo**: (giggles kindly) No problem **Sven**.
